

Geo-Resources-Earth-Environmental Sciences

A special issue of the AJGS entitled “*Geo-Resources-Earth-Environmental Sciences*” will be prepared for publication on the selected best papers presented in “**4th International Conference on Computational and Experimental Science and Engineering (ICCESEN 2017)**” which will be held in Antalya, Turkey on 04–08 October 2017. The deadline for submission will be on November 20, 2017. For more detail please visit 2017.iccesen.org

This special issue is particularly dedicated to publish a set of valuable papers dealing with the computational and experimental works in this field.

Major themes covered in the issue will include but is not limited to:

- Geological science and application
- Geophysics
- Atmospheric events and application
- Water science and technology
- Ecological science
- Earthquakes and tsunamis
- Sedimentary basins
- Volcanoes
- Fossils and earth history
- Rocks and minerals
- Salt and plates tectonics
- Water quality and sustainable use
- Oil and Gas
- Petroleum systems and science
- Dynamics of the lithosphere
- Tectonics and volcanology
- Sedimentology
- Evolution of life
- Quantity and quality of water streams
- Integrated water resources management
- Marine and continental ecosystems
- Global dynamics of physicochemical cycles
- Mineral deposits and hydrocarbons
- Surface processes
- Structural geology/tectonic evolution/structural styles
- Environmental Sciences, Engineering and technologies
- Environmental Pollution
- Environmental Biotechnology
- Toxicology
- Protection of water resources.
- Indoor air pollution
- Water resources and river basin management
- Plant soil and environment
- Hydrogeology
- Earth system science
- Seismology and crustal structures
- Palaeontology

- Metamorphic and igneous petrology
 - Natural hazards
 - Environmental sciences and sustainable development
 - Geoarchaeology
 - Geomorphology
 - Paleo-environment studies
 - Oceanography
 - Atmospheric sciences
 - GIS and remote sensing
 - Geodesy
 - Mineralogy
 - Geochemistry and metallogenesis.
- Manuscript submission must be made online via the journal's Manuscripts site <https://www.editorialmanager.com/ajgs>
 - ✓ First you should register as author then login into system.
 - ✓ Please start to submit your paper by clicking "*Submit New Manuscript*"
 - ✓ Please specify the special issue, choose "*ICCESEN-2017*". In "*Select Article Type*" step

AJGS welcomes contributions presented in ICCESEN-2017 and any further inquiries can be addressed to the volume Editors (please see below). Thank you for considering your submission.

Special Issue Editors:

Prof.Dr. İskender AKKURT (Guest Editor), Suleyman Demirel University (Turkey), Email: iskenderakkurt@sdu.edu.tr or iccesen2017@gmail.com

Prof.Dr. Mohamed El Tokhi (Guest Editor), United Arab Emirates University, (UAE), Email: meltokhi@uaeu.ac.ae
